

## Vertical Turbine Pumps

- Single Stage
- Multi Stage
- Axial Flow
- VTSP Pump

An ISO 9001 : 2015 Co.

[www.continentalindepthpumps.com](http://www.continentalindepthpumps.com)

## Description:-

- **Main Applications:**  
Water Supply, Lift irrigation, Power Plants, Sugar Mills Industry, Oil & Petro Chemical.
- **Discharge Column Size:**  
100mm to 800mm
- **Capacity:**  
Upto 5000m /hr
- **Head**  
Upto 250 mtrs
- **Maximum Speed**  
960,1480,2800 RPM (50 Hz)
- **Maximum Pressure:**  
Upto 30 Bar
- **Temperature:**  
Standard 80 C
- **Options:**  
Pull Out Design, Shaft enclosing Tube, w/1
- **Material:**  
Cast Iron, Ductile Iron, Bronze, Cast Steel, Ni Resist, (alloy steel on request)
- **Bearing Options:**  
Antifriction Bearings / General Bearings
- **Lubrications:**  
Grease or Oil / Water
- **Sealing:**  
Packed Gland (mechanical seal on request)
- **Types:**
  - \*Single stage & Multi stages.
  - \*Self / Water Lubricated & Oil Lubricated
  - \*'Y' Body Pumps ( upto 50qcs. capacity)

## **WHO WE ARE**

**Water is our Element**

### **WATER WISE**

Our products help you to control water wisely choosing new “green” technologies we are actually working in order to improve the quality of life.

**WE WANT TO CONTINUE THAT WHICH WAS STARTED MANY YEARS AGO BY MR. PARMANAND BALUJA, FOUNDER AND PIONEER.**

**BALUJA INDUSTRIES (India) IS A FAMILY OWNED COMPANY WITH AN HISTORY OF 51 YEARS**

Today, we are reality that has evolved over the years, always looking to the future with a spirit that has brought us to being a respected reference point in the great world of water.

we are committed to study, to develop, to manufacture and to industrialize pumping systems.

**Let's Solve Water**

**baluja Industries (INDIA)**

## WHO WE ARE

The True Spirit of ontinental Indepth

## ONTINENTAL - INDEPTH FAMILY

Group work and feeling of belonging to one big family are the distinguishly features of continental family which always celebrated company occasions as shared success and goals achieved thanks to the commitment of everyone.

**Our Group creates solutions where others see problems.**

Our Phenomenal success is based on:

Prompt, Tailor made services to suit client specific needs.

TOP-OF-THE-LINE Equipment at modest process, based

by PROMPT-AFTER-SALES-SERVICES

**Let's Solve Water**

## WHAT WE DO....

### We Connect Water to People.

We manufacture high technology pumps and pump systems for a large variety of uses. As Under.

Agriculture

Irrigation

Power Generation

Lift-Irrigation

## Applications

Domestic

Industries

Ground Water

Petroleum

PUMPING GROWTH FOR  
**30 YEARS**

**baluja Industries (INDIA)**

## How We Do It

The quality of our products is the quality of our people.

**CONTINENTAL** Indepth Quality : OUR PRODUCTION PLANTS ARE ONLY IN INDIA AND WE TEST EACH PRODUCT WE MAKE. WE BELIEVE IN MAKE IN INDIA

WE BELIVE IN TECHNOLOGY, WHICH CREATES VALUE FOR BOTH OURSELVES AND FOR THOSE WHO CHOOSE US.

We produce our pumps in india, Because we still believe in the quality of our people.

Motors are Received with Electric Data Sheets Provided by Manufacturer.

The growth reliability and strength of the entrepreneur is evident from its reputed clients. Which registered their faith in the product and appreciation of its performance by placing repeat order with us.

## HOW WE DO IT.

We Can Boast On Our Performance Test,  
TEST-BEDS & Various of our VALUE CENTERS.

### TEST- BED

In house TEST-BED is our strength.

- ➔ Our test bed is equipped with watt meters, Amp Meter, Pressure Gauge, Techno meter, Volt Meter, frequency Meter, flow Meter.
- ➔ At a time 2 pump can be tested.
- ➔ The measuring instrument on the test bed are duly calibrated with pre-determined frequency.
